## **Extending Learning Beyond the Classroom – Promoting a ‘Love of Learning’**

At St Anne’s Academy we understand the importance of offering opportunities outside the usual curriculum. We believe that these activities contribute to the academic and social development of our students and recommend that students take part to promote their love of learning.

One of the best ways to succeed academically is to study independently outside of the classroom. The ability to extend their own learning is a valuable life skill that will support future plans. Our wider reading and ‘love of learning’ lists are academic enrichment tasks that will help students to be motivated in their studies beyond the curriculum and into the wider world around them.

### **General Resources**

- Reading for pleasure promotes a love of learning. Follow this link for the top 100 books recommended for secondary school students:  
<https://www.tes.com/news/school-news/breaking-news/100-fiction-books-all-children-should-read-leaving-secondary-school-%E2%80%93>
- Read newspapers. Some online ones are free. Read different types to develop your critical thinking skills.
- Listen to the radio. Radio 4 has a good range of material to get you thinking.
- TEDtalks share ideas from experts in a variety of fields.
- YouTube EDU features some of the most popular educational videos across YouTube.
- Try websites of professional organisations e.g. Royal Society of Chemistry, British Psychological Society, NHS.
